Admission Requirements

View Course Offering page for individual Program requirements. The College does not have a third-party articulation agreement to train incarcerated students and therefore does not admit. The College does not recognize an Ability to Benefit exam (ATB) for admission.

Transcript Validity

All students will be required to provide an official copy of a high school transcript, GED transcript or Home School transcript in order to enter in to all programs of study at Capri Beauty College. Transcripts may be hand delivered, mailed or emailed from Parchment. (a copy of a high school transcript will be accepted provided it has been noted to be a true and exact copy of the original.) These documents need to be presented to the admissions department no later than the day of orientation.

All transcripts or official documents must be presented to the registrar with the school/institution logo or faxed/emailed from the official school/institution where the student received the transcript or official document. The registrar will review all high school, GED and home school transcripts to confirm that they are official documents. No student will be admitted if the registrar does not have documentation that properly validates high school graduation. In the event the required document is not available (such as financial hold, school closing, etc) from the awarding school/institution, the registrar will review alternate documents (certificate of completion, letter from awarding institution, etc.) on a case-by-case basis for confirmation of completion.

Home school student transcript should:

1. Identify the official home school name, address, and telephone number.
2. Indicate grades that have been received for each course from ninth grade year to current.
3. Include the signature of the individual who prepared it and;
4. Include Language arts; Mathematics; Biological and physical sciences; Social sciences; Fine arts; and Physical development and health. A brief summary of course content may be requested.

Appropriate steps would be enforced for other states as well. The Office of Admission at Capri will verify out-of-state transcripts with the issuing State for official recognition of validity. A student that submits a diploma or official document from a foreign country must provide evidence of secondary level completion by submitting the documentation which would provide them admission to higher education in their home country and will have their document translated by an appropriate official to verify that their diploma is a valid high school diploma. Students should provide originals of both the marks/exams sheet (transcript) and the school leaving certificate (diploma). Sometimes this will be a single document. If these documents are written in the foreign language, the student must also provide a word-for-word English translation for each document

To verify that a school is recognized by the Ill. State Board of Education (ISBE) the registrar will, if deemed necessary, check the ISBE website; www.isbe.net. Transcripts deemed "not-valid" is the school's final decision without appeal. Abuse will be reported to the Office of the Inspector General.

Accommodations – Section 504/ADA *HEA*

Capri does not discriminate on the basis of disability in any of its programs, services or activities. The school will not deny any otherwise qualified student with a disability the opportunity to participate in, or benefit from, any aid, benefit or service that Capri provides. Capri will also strive to accommodate applicants and students with disabilities on an individual basis.

Capri Beauty College strives to ensure that all disabled students have full access to the benefits of the College. As such, Capri will engage in a good-faith interactive process with all disabled students to attempt to identify reasonable accommodations. Reasonable accommodations do not include measures which fundamentally alter the academic programs of Capri, or which place an undue financial burden on the school, or which may endanger the student or others at the College.

Laws and regulations that apply to K-12 education are designed to promote the success of students with disabilities. It's important to note that the ADA and Section 504, which apply to college students, are designed instead to provide equal access to programs and services; success is not guaranteed.

How to Requesting Accommodations:

1. Review *Accommodation Procedures for Disabilities* online at capri.edu located under the "Consumer Info" Tab
2. Print an *Accommodations for Disabilities Request Form* online at capri.edu located under the "Consumer Info" Tab. Complete and mail the form to the address listed below with current professional documentation of the condition(s) that necessitate the accommodations.
3. Mail Accommodations for Disabilities Request Form and documentation to: Accommodations c/o Amy Ruff. 1938 E. Lincoln Hwy New Lenox, IL 60452

Selection of Applicants

Success in the program requires not only creativity and public relation skills but also specific learning strategies such as problem solving, reading comprehension, vocabulary development and goal setting. Capri carefully evaluates each applicant based on a three-step criterion process; tour & personal interview, admission application and academic coursework. Note: maintenance of the initial tour and subsequent scheduled appointments is considered in the admission procedure. Capri reserves the right to deny admission to applicants whom do not meet the admission criterion.

Reinstatement

available on-line at: <http://capri.edu/forms/>

Occasionally, a student terminates from a course of study, and considers reinstating at a later date in time. Reinstatement Applications must be submitted within 180 days from the student's last day of attendance for consideration of full credit of hours and coursework. Reinstatement Applications are reviewed by the Board of Directors on a monthly basis with consideration of the following: satisfactory progress at time of termination, clinic level, any disciplinary records and financial obligation to both the Department of Education and the College. Decision of the Board is final.

Credit Balance Policy /Time frame for paying FSA credit balances

An FSA credit balance occurs whenever the school credits FSA program funds to a student's account and the total amount of those FSA funds exceeds the student's allowable charges. If FSA disbursements to the student's account at the school create an FSA credit balance, the credit balance will (1) be held on the student's account as a credit if authorization is given in writing by student or parent or (2) be paid directly to the student or parent as soon as possible but no later than 14 days after:

- The date the balance occurred on the student's account, if the balance occurred after the first day of class of a payment period, or
- The first day of classes of the payment period if the credit balance occurred on or before the first day of class of that payment period.

The law requires that any excess PLUS Loan funds be returned to the parent. Therefore, if PLUS Loan funds create a credit balance; the credit balance would have to be given to the parent. However, the parent may authorize Capri Beauty College (in writing or through StudentLoans.gov) to transfer the proceeds of a

PLUS Loan credit balance directly to the student for whom the loan is made (for example, to a bank account in the student's name).

A school may not require a student to take any actions to obtain his or her credit balance. It is the sole responsibility of the school to pay, or make available, any FSA credit balance within the 14-day regulatory time frames. Notwithstanding any authorization obtained by the school, the school must provide the student with any remaining FSA credit balance resulting from FSA loan funds by the end of the loan period and any other FSA program credit balances by the end of the last payment period in the award year for which the funds were awarded.

Capri Beauty College will pay a credit balance to a student by issuing a check payable to the student or parent. The school is considered to have issued the check on the date that it:

- Mails the check to the student or parent within the 14-day time frame.
- Student or parent have the right to cancel FSA funds during the 14-day time frame, in writing to the financial aid office here: Capri Beauty College Attn: FA Office 15815 Rob Roy Drive Oak Forest, IL 60452.
- Student or parent have the right to cancel the authorization to hold a credit balance at any time, in writing, and have a check mailed within 14-days of notification.

Credit for Previous Work

Credit for previous work experience may be granted. Such a grant of credit is at the discretion of Capri Beauty College. This credit will shorten the length and cost of the program proportionately. Credits earned from Capri may not transfer to another school.

Calculation of Overtime Charges

At the time of enrollment, students sign a contract which outlines the number of hours allowed for absences during the course of enrollment. This number represents 5% of the total program hours. On occasion, a student exceeds the number of allowed absences. Upon reaching the scheduled program hours, as tracked on the student's official Progress Report/Report Card, a student may continue in the program as long as the following two conditions are met:

1. Projected completion is within maximum time to complete the course as outlined on Enrollment Agreement.
 2. Fees are paid for the remaining instructional hours at an hourly rate of \$9.00 per hour and due in full when charged to the tuition ledger. Enrollment may be terminated without payment or a contracted payment plan. Official Transcripts are not released without satisfying all financial obligations.
- Note: Paying Overtime Charges with Title IV funds is prohibited. Absent Hours allowed, without charge, for traditional enrollment agreements: Cosmetology = 75 hours, Teacher Training = 50 hours, Teacher Training (short course) = 25 hours. Non-traditional enrollments include Transfer & Teach-out Agreements and are calculated on a case by case basis.

Calculation of Overtime Charges due to Unusual Circumstances

When a student experiences an unusual circumstance such as major medical illness or death in family, an *Overtime Discharge Form 15C* should be requested from the Campus Director. The *Form* and verifiable documentation, should be submitted to the Campus Director who will send to the Board of Directors. Student will be notified writing within ten business days of the decision to honor the request. Decision is final and not subject to appeal.

Calculation of Overtime Charges in relation to Make-up Hours

On occasion and with Manager approval or above, a student may attend class on a schedule that is not part of their contracted enrollment agreement. Hours attended are tracked as Make-up Hours and will reduce the student's overall absent hours and potentially bring the student back in line with the number of allowed

absences. The College's record management system displays both absent hours and make-up hours on the Progress Report/Report Card but calculates the difference in the overall scheduled hours, percent of attendance and revised graduation date. Student interested in knowing their exact number of absent hours to date, can subtract make-up hours from total hours manually. Make-up hours are not guaranteed.

Calendar

Available on line at www.capri.edu

A School Calendar is updated annually and available as a Catalog Addendum.

Conflict Resolution – Grievance Procedure (see Appendix B for a Grievance Procedure & Form)

Students are encouraged to follow Capri's procedure for resolving conflicts: First, discuss your problem with your Instructor. Second, if there is no resolution, talk to the Manager. Finally, if the situation is not resolved, address your complaint in writing to the Campus Director. A grievance form is available in the Main Office and in Appendix B of this catalog. Note: Outside party involvement (parent/spouse) may participate in resolution only when the conflict cannot be resolved by the Campus Director. FERPA applies.

Copyright Infringement

Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the student to civil and criminal liabilities. Those found guilty of infringing the exclusive rights of a copyright holder by copying or making use of a creative work without the author's permission may have to pay substantial monetary damages and other fines, and, in some cases, may even be looking at criminal sanctions.

Disbursement of Books and Supplies for Pell Eligible Students

A Federal Pell Grant eligible student, with a valid Institutional Aid Report on file with the College may purchase, by the seventh day of a payment period, the books and supplies required for the payment period by clarifying their intent to use HEA program funds at the time of registration if, 10 days before the beginning of the payment period:

- (1)(a) The College could disburse the title IV, HEA program funds for which the student is eligible; and
- (b) Presuming the funds were disbursed, the student would have a credit balance.
- (2) The amount the College provides to the Federal Pell Grant eligible student to obtain for purchase books and supplies is the lesser of the presumed credit balance or the amount needed by the student, as determined by the institution.
- (3) The Federal Pell Grant eligible student may opt out of the way the institution provides for the student to obtain or purchase books and supplies.
- (4) If a Federal Pell Grant eligible student uses the way provided by the institution to obtain or purchase books and supplies, the student is considered to have authorized the use of title IV, HEA funds and the institution does not need to obtain a written authorization.

Disciplinary, Policies & Procedures

Preventive Discipline

Capri's process for handling student behavioral problems is progressive *Step Discipline Procedure* that is consistently and fairly applied. The basis for such a process is a clear set of rules that students are required to follow. While the intent of discipline is to be positive and corrective, it nonetheless is still discipline.

Step 1: Verbal Warning

In most situations involving conduct or performance problems, a verbal discussion of the problem will be held between the student and the instructor. The student will be advised that a written warning will follow if the conduct continues. Following such discussion, the student will be required to sign an acknowledgment that he/she has been verbally warned.

Step 2: Written Warning

If the student's conduct or performance does not improve following a verbal warning, the student may be given a written warning. After receiving the written warning, the student will be required to sign an acknowledgment that he/she received the written warning. Certain performance or work habit problems will result in a written warning being issued without a Step 1 verbal warning.

Step 3: Probation/Suspension

If the student's conduct or performance does not improve following a written warning, the student may be placed on probation or suspended. A probation period is generally 30 calendar days long and 3 calendar days for suspension; however, circumstances may dictate a longer or shorter period. During the probationary/suspension period, the student and Director will meet to evaluate the performance or conduct issues. At times, a severe conduct or performance issue may require immediate probation/suspension without verbal or written warnings as outlined in Steps 1 and 2, above.

Step 4: End of Probationary/Suspension Status

If the conduct or performance problems that caused the probationary/suspension status are resolved by the end of the period, the student will be removed from probationary/suspension status. If the conduct or performance problems that caused the probationary/suspension status resurface before the end of the period, the student will be terminated.

Suspension by the College

Capri reserves the right to suspend or expel a student from school for any of the following infractions:

1. Failure to follow Classroom Rules

5. Excessive tardiness, absences, or failure to return from scheduled breaks.
6. Speech related Human Relation Violations.
7. Violations outlined in Capri's Sexual Discrimination, Harassment and Misconduct policy.

- H. Attendance Rate below 65%
- I. Violations to the Clery Act, the Illinois Campus Security Enhancement Act or the Violence Against Women Act.
- J. Violations outlined in Capri's Sexual Discrimination, Harassment and Misconduct policy

Termination/Suspension Appeal Process: In all cases, the student involved may appeal the decision of the Director in writing to the Executive Board within five days of notice of the Director's decision. The decision of the Executive Board, who may approve, modify or reverse the decision of the Director, is final.

Expecting a student to be courteous and polite is part of Capri’s career training objective. For guidance, Capri includes *Professional Development* and *Salon Success* classes as part of the curriculum, faculty and staff demonstrate professional interactions for students to emulate, and guidelines to *Human Relations* are outlined by location, speech and physical:

Verification

Some student financial aid applicants will be selected for a process called verification. Capri identifies the students selected for verification during the financial aid application process by viewing the FAFSA output document called the Institutional Student Information Record (ISIR). Capri verifies all applicants selected through the random process as well as others. Upon identification, Capri will notify, in writing the documentation required for verification and timeframe for return. It is the responsibility of all students chosen for verification to submit the required verification documentation. Should there be discrepancies in the information provided by the student or parent, the Financial Officer will notify them that additional

information may be required to resolve the conflict. Based on signed documentation provided by the student or parent, the Financial Officer will submit any required corrections. Students, who fail to comply with verification requirements, including submitting documentation within required timelines, will not have Federal Title IV funds disbursed and may have Federal Title IV funds cancelled. Capri considers the student to be the responsible party for providing information and completing the verification process. Students can complete the verification process with the Financial Officer who will enter the corrections (if needed) into the Central Processing System and inform the students of any changes in eligibility. Students selected for verification of Identity/Statement of Educational Purpose is required to present documentation to one of the following institutionally authorized individuals: Amy Ruff or Nedina Ochoa. Individuals who provide false or misleading information on the FAFSA to obtain Federal student aid will be referred to the Office of Inspector General by the school.

Return of Title IV Funds & Course Cancellation

When a student applies for financial aid, the student agrees that financial aid funds will be used for educational purposes only. Therefore, if a student withdraws before completing their program, a portion of the funds received may have to be returned. Capri Beauty College (Capri) will calculate the amount of financial aid to be returned to the Title IV, HEA programs according to the policies listed below.

Return of Title IV (R2T4) Policy

This policy applies to students who officially withdraw, unofficially withdraw, fail to return from a leave of absence, or are dismissed from enrollment at Capri Beauty College. The Federal Return of Aid Policy is mandated by the U.S. Department of Education.

The amount of Title IV (federal) aid earned is based on the amount of time a student spent in academic attendance and the total aid received; it has no relationship to student's incurred institutional charges. Because these requirements deal only with Title IV, HEA funds, the order of return of unearned funds do not include funds from sources other than the Title IV, HEA programs. Title IV, HEA funds are awarded to the student under the assumption that he/she will attend school for the entire period for which the aid is awarded. When a student withdraws, he/she may no longer be eligible for the full amount of Title IV, HEA funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

Timeline for Returning Title IV Funds

Capri Beauty College will return any unearned Title IV funds it is responsible for returning within 45 calendar days of the date Capri determined the student withdrew, and offer any post-withdrawal disbursement of loan funds within 30 calendar days of that date.

When a Student is Considered a Withdraw: The student is considered to have withdrawn from the program when the student does not complete all of the clock hours and weeks of instructional time in the payment period or period of enrollment that the student was scheduled to complete.

A. Official Withdrawal

When the student gives formal notification of his/her intention to withdraw, the last date of attendance (LDA) is the date the school determined the student withdrew. For purposes of returning title IV funds, refunds will be made within 45 calendar days from the LDA.

B. Unofficial Withdrawal - when absences are treated as a withdrawal.

In the case of unexplained consecutive absences, the school will determine withdrawal no later than 14 days after the students last date of academic attendance as determined by the school from attendance records. This date (day 14) is recorded as the date the school determined that the student withdrew. For purposes of returning Title IV funds, refunds will be made within 45 calendar days from the date the school determined the student withdrew. If the student provides notification to the school of his or her withdrawal prior to the date that the school normally would determine that the student withdrew, the date of determination is the date of the student's notification.

C. Expelled Student

The student that is expelled by the school is considered to have not completed all the clock hours and weeks of instruction time in the payment period or period of enrollment that the student was scheduled to complete. The LDA is the date the school will use to determine termination. For purposes of returning title IV funds, refunds will be made withing 45 calendar days from the LDA.

Determining Aid Earned

To determine the amount of aid you earned up to the time of withdrawal, Capri will calculate the percent of scheduled hours earned in the payment period. The resulting percentage is then used, along with your institutional costs and total federal funds that you received (funds that were disbursed directly to your student account and possibly refunded to you) or that you were eligible to receive (disbursement owed) to determine the amount of aid that you are allowed to keep.

Order of Return

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the R2T4 funds is retracted in the following order:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct Plus Loan
4. Pell Grant

After the Return of Aid has been completed it may result in the student owing for tuition that was once awarded from Title IV Aid. In addition, the student may be required to refund monies back to the Title IV Program.

Withdrawal Before 60% Point of the Program

Capri Beauty College must perform a R2T4 calculation to determine the amount of earned aid up through the 60% point of scheduled hours earned in the payment period of enrollment. The College will use the U.S. Department of Education's prorate schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal.

Withdrawal After 60% Point of the Program

For a student who withdraws after the 60% point of scheduled hours earned in the payment period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period. Thus, there are no unearned funds. Capri Beauty College must still perform a R2T4 to determine the amount of aid that the student has earned and whether or not the student is eligible for a post withdrawal disbursement.

Payment Periods are defined according to the following hours:

Payment Period 1 = 0 -450 hours	Payment Period 3 = 901 – 1200 hours
Payment Period 2 = 451 -900 hours	Payment Period 4 = 1201 -1500 hours

Post-Withdrawal Disbursement

A student may be eligible for a post-withdrawal disbursement if, prior to withdrawing, the student earned more federal financial aid than was disbursed. If a student is eligible for a post-withdrawal disbursement for Title IV funds, it will be processed for the student and a refund will be issued within 14 days of the credit balance.

If the post-withdrawal disbursement includes loan funds, Capri Beauty College must get the student's permission before it can disburse the loan. Students may choose to decline some or all of the loan funds so that s/he does not incur additional debt. A notice will be sent out to the student, and the signed, original document must be returned to the college within 14 days.

Capri Beauty College may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition and fees. However, the college needs the student's permission to use the post-withdrawal grant disbursement for all other college charges. If the student does not give his/her permission, the student will be offered the funds. However, it may be in the student's best interest to allow the college to keep the funds to reduce the student's debt.

It is also important to understand that accepting a post-withdrawal disbursement of student loan funds will increase a student's overall student loan debt that must be repaid under the terms of the Master Promissory Note. Additionally, accepting the disbursement of grant funds will reduce the remaining amount of grant funds available to the student should the student continue his/her education at a later time.

Percent of elapsed ^enrollment time at notice of cancellation compared to total time of course.	Percent of tuition and other instructional charges which the school may retain:
Within 5 days after date of enrollment	0

Regulatory Oversight Restrictions

U. S. Department of Education, IDFPR Regulatory Changes and NACCAS program guidelines may require Capri to change course outline contents, policies or procedures without notification.

Retail Sales Act

Capri complies with all applicable requirements of the “Retail Installment Sales Act”. Students are not allowed to solicit items for sale while on campus or during school sponsored events. This includes but is not limited to; fundraising items such as candy, tickets, cosmetics, jewelry, purses, accessories, home goods, etc.

Satisfactory Academic Progress Policy

Is consistently applied to all students enrolled at the school. It is printed in this catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods

Formal Evaluations for Satisfactory Progress are conducted as follows: Cosmetology 450, 900, 1200 clocked (actual) hours Cosmetology Instructor 450, 900 clocked (actual) hours Teacher Training 250 clocked (actual) hours. Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course. Students will be notified of any evaluation period that impacts the student’s eligibility for federal financial aid. Informal Evaluations may be conducted throughout the program to identify at-risk students. (Note: all evaluations are completed within seven School business Days following the established evaluation periods).

Attendance Progress Evaluations

Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 80% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame

The College requires a student to progress through the program toward graduation within an established timeframe. Based upon the College’s requirement for 80% attendance, the maximum timeframe during which students are to complete any course is 125% of the published course length. Any student who falls below 80% attendance is advised that he or she may be in jeopardy of not completing within maximum timeframe. A student in this situation must increase his or her cumulative attendance average immediately. Failure to increase the attendance rate by the evaluation period may result in termination from the program. Calculation is as follows:

- Cosmetology - 1875 Scheduled Hours.
- Teacher Training 1250 Scheduled Hours.

- Teacher Training (Short Course) - 625 Scheduled Hours.
- Transfer Hours calculated on a case-by-case basis.

Maximum Time Frame with Appeal

In the event that the student will not complete the course during the maximum timeframe, the student may submit a written Appeal within ten (10) days of notification from the institution that maximum timeframe has been reached. The Appeal must include and explanation of the circumstances beyond student control such as illness of student/parent/child, accident, family death, and the like, that prevented the student from completing on time. Example documentation may include a written statement from student/physician/third party. Appeal documents will be reviewed within then (10) days and a decision will be made if the maximum timeframe will be extended.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each level. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it must be repeated if the overall grade point average is less than 75%. Three comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain an overall grade point average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed final exam tests and incomplete assignments that are required. Numerical grades are considered according to the following scale:

94%-100%	High Academic Honors
90-93%	Academic Honors
85-89%	Above Average
75-84%	Average
Below 75%	Unsatisfactory

Determination of Progress Status

All periods of enrollment count toward SAP (Fall, Winter, Spring, and Summer), including periods when a student does not receive Title IV aid. Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of the Progress Report (Report Card) that was used to determine Satisfactory Progress at the time of each of the evaluations. Capri maintains an initialed copy of the Progress Report (Report Card) on file as verification of student receipt. Students deemed not maintaining Satisfactory Progress may have their Title IV Funding interrupted or terminated, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Financial Aid Warning

Financial Aid Warning lasts one evaluation period only and does not require action (such as an appeal) by the student. Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation period.

Financial Aid Probation

At the end of the warning period, the student will be evaluated according to SAP requirements. If the student fails SAP at the end of the warning period, the student must appeal to continue to receive Title IV funds. If the student prevails upon appeal, the student will be on Financial Aid Probation and eligibility will be reinstated for one (1) evaluation period. If at the end of the probation period the student is not meeting SAP requirements, the student is ineligible for Title IV funds.

Appeal Procedure

The student must submit a written appeal to the school within ten (10) calendar days from notice of probation on designated form (17C) with supporting documentation of the reasons why the determination should be reversed. The Appeal should include an explanation of what has changed about the student's situation that will allow him/her to achieve Satisfactory Academic Progress by the end of the next evaluation period. Example reasons may include circumstances beyond student control such as illness of student/parent/child, accident, family death, and the like. Example documentation may include a written statement from student/physician/third party. Appeal documents will be reviewed and a decision will be made to determine if standards can be met by the end of the next evaluation. Student will be notified of the outcome of appeal within ten calendar days. The result of appeal and decision documents will be noted on the bottom of form (17C) and retained in the student file. If the student's appeal is accepted, the student will be placed on Financial Aid Probation and eligibility will be reinstated for one (1) evaluation period. Additionally, only students who have the ability to meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on Probation. The institution and the student will develop an Academic Plan that ensures that the student is able to meet the institution's satisfactory academic progress standards by a specific point in time.

Example: 2 Consecutive Failed Evaluation Periods and Outcomes

450 Hr	451-900 Hrs	900 Hr	901-1200 Hrs	1200 Hr
Fail SAP No action required.	FA Warning. Remain Title IV eligible for this evaluation period.	Fail SAP Title IV ineligible without successful appeal.	FA Probation with successful appeal. Remain Title IV eligible for this evaluation period.	Fail SAP Title IV ineligible.

Academic Plan

A student who has been reinstated to eligibility under an Academic Plan and is making progress under that plan is considered to be an eligible student. At the end of one payment period on probation, the student must make SAP and meet the requirements of the academic plan in order to remain eligible.

Re-establishment of Satisfactory Progress

Students may re-establish satisfactory progress and Title IV aid as applicable by meeting minimum attendance and academic requirements by the end of the evaluation period.

Interruptions, course incompletes & withdrawals

Students who withdraw prior to completion of the course and wish to re-enter the institution will re-enter in the same progress status as when they left. Time elapsed between enrollment periods will reduce the number of months allowed during the grace period for repayment of Direct Student Loans. In the event a student does not satisfactorily complete graduation requirements at the end of program hours the student will be recorded as an Incomplete Graduate. Upon confirmation, the student may Appeal the Incomplete Graduate Status within ten days of confirmation. If approved, the student may reenroll into the same program and start at the beginning of the phase of the course he/she failed. The student must take all

exams in that phase (i.e. repeat); the newer score will be used and will impact the student's satisfactory academic progress **determination**.

Noncredit & remedial courses

Noncredit, remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

Transfer Students & SAP

All transfer students are required to maintain satisfactory academic progress in order to successfully move toward graduation. Hours accepted from a transfer-in or re-admit will be taken into consideration when calculating SAP status. The hours will be counted as both attempted and completed. The maximum timeframe established, shall be based on 125% of the transfer student's contracted hours and clock hours that were transferred into the program.

Change in Majors

Change in Majors does not apply at this institution. Therefore, this item has no effect upon the school's satisfactory progress standards.

Pursuit of a Second Degree or Certificate

A student's satisfactory academic progress in one program does not impact the satisfactory academic progress evaluation during the pursuit of a second degree or certificate in another program.

School Orientation

New student Orientation is held the Friday or Saturday prior to the first day of class. All students are expected to attend and are welcome to bring parents/spouse or a guest. Members of the Education & Admission Staff explain policies and procedures with a power-point presentation. Capri Beauty College – Student Grievance Procedure

In accordance with the institution's mission statement, the College will make every attempt to resolve any student complaint that is not frivolous or without merit. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature and patterns of complaints for the institution.

Conflict Resolution Procedure:

1. The student must first, discuss the problem with their Coach or Instructor. Second, if there is no resolution, the student should talk to the Manager. Finally, if the situation is not resolved, the student should address the complaint in writing on the following Grievance Form to the Campus Director.
2. The student should register the complaint in writing on the Grievance Form within 30 days of the date that the act which is the subject of the grievance occurred.
3. The Form will be given to the Campus Director.
4. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
5. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
6. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
7. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school whom has no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the College or related to the College owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the colleges' response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendation of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.
8. Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.
